Deleting a Page

To delete a page, you require the 'Remove Pages' permission which is assigned by a space administrator from the Space Administration screens. See Space Permissions or contact a space administrator for more information.

To delete a page:

1. Go to the page.
2. Go to the 'Remove Page' option. To do this:
   - Go to a page in the space, open the 'Tools' menu and select 'Remove'. The 'Remove Page' screen opens. You will be prompted to confirm the action.

   The 'Remove' menu option will only appear if you have permission to remove this page.

Notes

- Deleted pages are stored in the trash and can be recovered by a space administrator.
- If the page you are deleting has any child pages they will be moved to the root of the space
