Internships can provide invaluable learning opportunities to help students make informed decisions about their career path, gain an insider perspective, network with other industry professionals, and gain valuable skills and experience that can be articulated in an interview and on a resume. Various internships are available with theatre and film companies, talent agencies, production companies, casting agencies, etc.

Internships can be taken for either Elective or Advanced Professional Training credits depending on the number of hours worked per week (agreed upon at the internship site). For each credit, the student must work a minimum of 3 hours per week during the regular academic year. Freshman and Sophomores may only receive 2 Elective credits for their internship, while upper class students and those taking a summer internship may receive up to 8 credits, either Electives or Advanced Professional Training. Interns are required to meet weekly with the site advisor, and write a final evaluation paper. Students must sign and return the internship contract (available: www.drama.tisch.nyu.edu/object/dr_internform) before or during the first week of your internship in order to receive credit!

For more information (i.e. how to find internships, how to register for an internship, etc.), please contact your Advisor and visit the drama department website:
