1. **Purpose** – The Class Roster Subject Area page includes a combination of select attributes from the class enrollment and class meeting pattern subject areas. It will only pull back the primary CPP of a student and not their majors or minors. This page will only show one row per student and terms that are active or open for enrollment.

2. **Fact Amounts** –

3. **Examples** –

4. **User Notes** –

5. **Additional Reports** – Please visit the Class Roster page for additional information.
