Cheese Macro

The Cheese Macro simply displays the words "I like cheese!"

You can use this macro to test the Confluence macro functionality.

Usage with the Macro Browser

To insert the cheese macro into a page using the Macro Browser,

1. Open the Confluence page or blog post that you want to edit, then click the 'Edit' button.
2. Click the Macro Browser icon on the toolbar. The macro browser window will open.
3. Scroll through the list of macros to find the one you want. Alternatively, start typing the macro name into the search box at the top right of the macro browser. Macros with a matching name will appear in the main pane.
4. Click the desired macro.
5. Set the macro parameters to your requirements. If desired, you can preview these changes by clicking 'Refresh'.
6. Click 'Insert' to add the macro onto the page.

You can also insert macros via autocomplete. For more information, see Using Autocomplete in the Rich Text Editor.

Once you've found the cheese macro, click 'Insert' to add it to your page.

Usage with the Wiki Markup Editor

<table>
<thead>
<tr>
<th>What you need to type</th>
<th>What you will get</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unknown macro: {nomarkup}</td>
<td>I like cheese!</td>
</tr>
</tbody>
</table>

There are no parameters for this macro.
