Data visualization

Data visualization teams exist within both NYU/Brooklyn Tech and Steinhardt

ITP at Tisch

Data visualization tools:

http://d3js.org/

**D3.js** is a JavaScript library for manipulating documents based on data. **D3** helps you bring data to life using HTML, SVG and CSS. D3’s emphasis on web standards gives you the full capabilities of modern browsers without tying yourself to a proprietary framework, combining powerful visualization components and a data-driven approach to DOM manipulation.
