Browsing a space

The 'Browse Space' view gives you access to:

- Space-wide views of the content of the space — pages, news, labels, attachments, bookmarks and mail.
- Summary information about the space.
- Advanced space management tools.
- Tools to administer the space (for space administrators only).

The components of the Browse Space view are organised into a number of blue tabs.

Go to the 'Browse Space' view. There are two ways to browse a space:

- Go to a page in the space and select the option you want from the 'Browse' menu. The corresponding tab of the 'Browse Space' view will open.
- Or click the icon next to the space name on the Dashboard. The 'Pages' tab of the 'Browse Space' view will open.

The tabs that are displayed will depend on your Confluence site configuration, the type of space you are viewing and the space permissions granted to you for the space.

1. Pages
   - View pages alphabetically
   - View recently updated content
   - See tree view of pages
   - More about Working with pages

2. Labels
   - View labels

3. Attachments
   - Find an attachment
   - View details of an attachment
   - More about Working with attachments
