Welcome to the wiki for the 2015 Gallatin Faculty Symposium, The Material Archive, held at Villa La Pietra, NYU Florence!
The readings that will serve as the foundation for our discussion sessions are now uploaded under the [Documents](#) link below. Each reading is labelled "collect," "archive," or "display," indicating to which discussion session it will belong. A master list of the articles divided according to discussion session can be found under the [Reading Packet Contents](#) link, also below. As we near the symposium, we will also post further information about Florence and the symposium schedule.

Watch Louise Harpman's [Peel, Pucker, Pinch, or Puncture? Coffee Lids, Explored](#) about her coffee lid collection!

Please feel free to contact Hallie Franks (hmf2@nyu.edu), Patrick McCreery (pgm3@nyu.edu), and Allison Jungkurth (akj244@nyu.edu) with any questions!
