Viewing a Page's Restrictions

Viewing page restrictions in View mode

When a page you are viewing has restrictions applied, a small padlock icon appears next to the page byline. Clicking the padlock will open the 'Page Restrictions' dialog box, where full details on the page restrictions are displayed.

You can also access the 'Page Restrictions' dialog box by clicking the 'Tools' menu at the top-right of a page and selecting the 'Restrictions' menu item.
See Setting a Page’s Restrictions for instructions on how to change these.

Viewing page restrictions in Edit mode

A page's restrictions can also be viewed when the page is in 'Edit' mode. You can only enter 'Edit' mode if you have permission to edit the page.

To view the restrictions that apply to a page,

1. Click the 'Edit' link at the top of the page.
2. Locate the 'Restrictions' section at the bottom of the page (between the 'Location' and 'Labels' sections). Any 'Viewing' restrictions or 'Editing' restrictions are listed below the word 'Restrictions'. See Setting a Page’s Restrictions for instructions on how to change these.
