Removing a Label from a Page

You can see the existing labels, and the pages which contain the labels, by viewing global labels.

To remove a label from a page,

1. Go to the page that contains the label. All labels are displayed at the bottom of the page below the page content.
2. Click ‘Edit’ beside the list of labels (highlighted in yellow). Each of the labels will display a mark beside it.
3. Click to remove the label, then click ‘Done’
