Deleting a Page

To delete a page, you require the ‘Remove Pages’ permission which is assigned by a space administrator from the Space Administration screens. See Space Permissions or contact a space administrator for more information.

To delete a page:

1. Go to the page.
2. Go to the ‘Remove Page’ option. To do this:
   - Go to a page in the space, open the ‘Tools’ menu and select ‘Remove’. The ‘Remove Page’ screen opens. You will be prompted to confirm the action.
   - The ‘Remove’ menu option will only appear if you have permission to remove this page.

Notes

- Deleted pages are stored in the trash and can be recovered by a space administrator.
- If the page you are deleting has any child pages they will be moved to the root of the space
