Browsing a space

The 'Browse Space' view gives you access to:

- Space-wide views of the content of the space — pages, news, labels, attachments, bookmarks and mail.
- Summary information about the space.
- Advanced space management tools.
- Tools to administer the space (for space administrators only).

The components of the Browse Space view are organised into a number of blue tabs.

Go to the 'Browse Space' view. There are two ways to browse a space:

- Go to a page in the space and select the option you want from the 'Browse' menu. The corresponding tab of the 'Browse Space' view will open.
- Or click the icon next to the space name on the Dashboard. The 'Pages' tab of the 'Browse Space' view will open.
