Viewing an Older Version of a Page

Viewing an Older Version of a Page using the 'View Change' Link

To view an older version of a page using the 'View Change' link:

1. Go to the page in the space and click the 'view change' link (displayed after the 'last edited by' information).
2. Click the 'Version ##' link in the top left-hand box to show the page content of the previous version.

Notes

- If you want to view an earlier version of the page, click the '<' link at the top left.
- If you want to send this page version to someone, simply copy and paste the URL from your browser. The link will look something like this: https://confluence.atlassian.com/pages/viewpage.action?pageId=12345.

Viewing an Older Version of a Page using the Page History

To view an older version of a page using the page history:

1. Go to the page in the space, open the 'Tools' menu and select 'Page History'. The 'Page History' view will open. Read more about viewing the page history on Page History and Page Comparison Views.
2. Click a version number's link to view the contents of that page version. The following header will display across the top of the old version of the page:

   ▲ You are viewing an old version of this page. View the current version.
   Compare with Current ▼ Restore this Version ▼ View Page History
   << Previous | Version 11 | Next >>

   - Click the 'View the current version' link to view the content of the latest version of the page.
   - Click the 'Compare with Current' link to compare the content of the page version currently being viewed with the content of the latest version of the page.
   - Click the 'Restore this Version' to restore the version of the page that you are viewing as the current version.
   - Click the 'View Page History' link to view the history for the page.
   - Click the '<< Previous' link to view the page content for the previous version of the page.
   - Click the 'Next >>' link to view the page content for the next version of the page.
3. If you want to send this page version to someone, simply copy and paste the URL from your browser. The link will look something like this: https://confluence.atlassian.com/pages/viewpage.action?pageId=12345.
